Loop

Loop: Strength meets simplicity in laboratory seating
Introducing Loop. Our newest lab chair that blends durability, simplicity and style. Loop features an ergonomically sculpted, chemical-resistant polypropylene back and a durable polyurethane seat for an easy to clean chair with lasting comfort and support. Designed for aesthetics, durability, and versatility – Loop's defining features are the right fit for labs.

Features

- Loop's continuous loop steel frame is strong, durable, and lightweight
- Soft edges buffer damage-inflicting impact to the chair and surrounding environment
- Minimal joint hygienic design for easy cleaning and disinfection
- Organic chair shape receives and supports the user's body
- Chemically - resistant polypropylene back for ultimate cleanability
- Color palette complements any lab environment

Construction

- 14-gauge powder-coated steel frame
- i+™ Polyurethane seat
- 25" durable nylon base
- Polypropylene back
- Field-replaceable seat cushion
- Glass-filled nylon seat pan
